

## CONNECTIONS & COMMUNITY PLACES

### What We Know

- There is a lack of existing trail connections, but trails do come close to NKC
- The bike path on the Heart of America Bridge is well used
- North Kansas City is good for biking because it is flat

### What We Heard

- North Kansas City needs more green space
- A bike sharing program would be good for the future of NKC
- Macken Park, the Library, Dare to Dabble, and the Waggin' Trail Dog Park are among the favorite places in NKC
- You want to see more bike and walking access
