

North Kansas City Parks and Recreation
Macken Park Renovation of Restrooms
ADDENDUM 1
March 13, 2017

CLARIFICATION OF SCOPE OF WORK – ITEM 5

There should be no salvage of tile removed from the electrical eye for each toilet or urinal in the women's and men's restrooms. The expectation is that a metal plate should be installed around the removal of the electric eye. No new tile is to be installed anywhere in either restrooms. All tile removed around the plumbing will need to be covered up with a metal plate.
